

THE CLIFTON CLARION.

WEDNESDAY, SEPT. 15, 1885.

T. J. Kurtz, of Lordsburg, paid Clifton a flying visit last week.

Call for the "Monogram" cigar and "Thistle Dew" whisky at Ben Cobb's.

Charley Jones and wife, of Lordsburg, spent Sunday in Clifton.

Mrs. J. Abrahams and children have returned after an absence of nearly three months.

Buy the New Home Sewing Machine. Best in use. At the Arizona Copper Co.'s Store.

We are glad to state that the malarial fever which has been prevalent in this section is abating.

Dr. Lennon is in from Snyder's ranch, on the Gila, near Guthrie. He reports an absence of malaria in that section.

Dr. L. Smadbeck, of New York, formerly a resident of Clifton, arrived on Monday's train. He is the guest of his brother-in-law, L. Fraissinet, Esq.

The Mexican residents of Clifton will close their celebration of the anniversary of Mexican Independence by a ball at the Tip-Top Hall in North Clifton to-night.

Mr. B. S. Roberts, clerk in L. Fraissinet's store, who has been suffering from malarial fever for some time, is rusticiating at Snyder's ranch on the Gila.

L. Fraissinet, Esq., and family, who have been rusticiating at Hudson's Springs for the past two weeks, returned home Monday, much benefited by their trip.

Lawrence Russell, General Manager of the Arizona Copper Co., and W. H. Jones, Superintendent of the Arizona & New Mexico railroad, left yesterday on a business trip to El Paso.

Miss Lucy Herrick, formerly of Camp Thomas, but now a resident of Tombstone, is undergoing examination by the Board of Examiners of Cochise county, for a teacher's certificate. We trust she will be successful.

H. C. Logan, late traffic manager of the Southern Pacific Railroad system at El Paso, Texas, has resigned his position, to accept a better one, namely, the Pacific Coast agency of the Gould system of railroads, with headquarters at San Francisco.

Col. Joe. Hampson, a leading citizen of El Paso, and owner of the Eagle Creek ranch in this county, arrived in Clifton yesterday. He started this morning for his ranch, accompanied by his clerk Mr. Chas. Smith, and Capt. E. A. Cutter, to examine into the condition of affairs there, expecting to return Monday next.

A meeting of the directors of the Clifton Town Hall Association was called for last Thursday evening, but no quorum could be obtained and consequently no business could be transacted. As this is the third or fourth time a quorum has failed to be present, we are of the opinion that the town hall project is about to become a failure.

Mr. M. E. Cunningham, foreman of Hampson's Eagle Creek ranch, was in town last week purchasing supplies. He was at Fort Apache a few days previous to his visit here, and reports that the remaining Chiricahua Indians are very closely watched by the authorities. The White Mountain Indians are engaged in putting in hay at the Post on contract.

"Frenchy" alias Thomas Duval, who was arrested at Tombstone, by Sheriff Crawford for horse stealing in this county, had a hearing Monday before Justice Casey, who held the accused in the sum of \$1,000 to appear before the District Court, in default of which he was sent to jail. It came out on the trial that the prisoner, under the name of Alfred Talbot, had served in the U. S. Army from which he deserted some months ago and only borrowed(?) the horse he is accused of stealing to aid him in his flight.

The usual weekly religious services are being held each Sabbath afternoon in the Armory Hall. Half an hour is given to song service and half an hour to Sabbath school, the services being from 2:30 to 3:30 o'clock. The song service being conducted first should attract a large gathering of our adults, and the two are so arranged that if it is not convenient to remain for the Sabbath school, any one so wishing can retire at the close of this service. Those interested are doing what they can to make these services attractive and profitable. Such a work should be heartily encouraged, and we feel assured it will be.

Mining Notes.

The Mexican miners at Morenci celebrate their "4th of July" today. All work on the Detroit Company's mines will be suspended until this jubilee is over.

Mr. Hyams, Superintendent of the Detroit Company's smelters, has resigned and left. He is going to Globe to take charge of the Dominion Company's smelters.

Mr. John Hill has been assorting ore on the line of the Colorado Railway on old dumps under contract and is making good wages. He ships about 5½ tons per day and receives \$1.50 per ton for the same.

John says he is about to sink a shaft on the Longbend, under contract, and believes that the claim will develop into a good mine.

Tom Fitzgerald owns a group of claims southwest of the Metcalf group, that are rich in copper on the surface. On the Manzanita, one of the claims, considerable work has been done and is considered by those who have examined it to be of great promise.

Mr. Mike Shea has leased this claim and is going to get out ore from it. From the specimens we have seen it must be a first-class copper claim as the ore is rich carbonate and copper glance.

The Detroit mine at Morenci, under the supervision of Mr. Wm. Wright, continues to increase its output. The hoisting works are up night and day and deliver about 57 tons each 24 hours.

The Detroit Copper Company's new concentrating machinery concentrates 30 tons per day and is giving entire satisfaction.

The King mine, one of the Metcalf group, that is worked under contract, shows from recent development 28 per cent. ore on the entire drift (200 foot level) of a free flaking nature. The ore body is continuous to the surface. On the 100 foot level the same body was struck and somewhat worked, and now it can be safely looked on as a mine that will produce much wealth. Mr. D. Murphy is the contractor and has eight men in his employ.

Hank Arbuckle, the pioneer locomotive engineer of Arizona, still handles the throttle of the Jamison, which makes flying trips on the line of the 20 inch gauge hauling cars up and letting them down the canyon with remarkable speed and safety.

John McCormac's Murderer. Sheriff Crawford, accompanied by Deputy Sheriff Hovey, arrived in Clifton last Friday, having in their custody Frenchy alias Thos. Duval, who is wanted in this county for horse stealing. From the Sheriff we learn the following particulars in regard to the pursuit of Albino Aguirre, charged with the murder of the late John McCormac: The Sheriff having procured definite information as to the whereabouts of Aguirre, and having provided himself with the necessary extradition papers, proceeded, accompanied by Deputy Sheriff Hovey and Ignacio Campbell, to the Babacomari Ranch, where they were kindly furnished mounts by the proprietor, Mr. Hugh Tevis. Thence they proceeded to Baquichiva Arispe and there learned that a party answering the description of Aguirre had died some days previous at a ranch near the town from a gun shot wound in the right side. It appears that Aguirre received a wound in his difficulty with McCormac and that in consequence of neglect occasioned by his flight, mortification set in which resulted in his death. All three, that is the Sheriff, his Deputy and Ignacio Campbell, who by the way is a relative of Aguirre, are satisfied beyond a doubt that Aguirre is dead. The Sheriff and his Deputy are to be commended for their persistent efforts in trying to capture this murderer, and we have no doubt but the Board of Supervisors will reimburse them for the expenses incurred. Sheriff Crawford speaks in the highest terms of the courtesy of the Mexican officials and the kindness and assistance rendered the party by Mr. Hugh Tevis.

Mr. S. J. Freudenthal, of the firm of L. B. Freudenthal & Co., El Paso, Texas, is visiting his numerous friends in Clifton, and at the same time, taking orders from our merchants for groceries. His house is one of the largest in the Southwest, and they lay goods down in such large quantities that they are able to supply our merchants at lower prices than they can lay down the goods from Kansas City or San Francisco. El Paso, situated at the terminus of five different railroads, is bound to become the great jobbing centre of the Southwest.

Capt. T. S. Ford, received last week from the Adjutant-General the necessary blanks which he was instructed to fill out and return in order that his Company might obtain the \$50 per month appropriation by the Territory for Armory and uniform.

To-day (Wednesday) is the national holiday of our sister Republic, being the seventy-fifth anniversary of the declaration of independence from Spanish misrule, under the leadership of the patriot priest and warrior Hidalgo. In Morenci, beginning with last evening, a celebration is in progress on an extended scale, and our Mexican fellow citizens from far and near are celebrating the day with much enthusiasm. A string band from El Paso arrived on yesterday and to night a grand ball, given in the Morenci town hall, will close the festivities.

Ierso Aguirre, just from Grant county, New Mexico, where he resides, reports that prospects in the Burro Mountains are brightening. He visits Clifton on business, having some good looking silver specimens which he brought to have assayed by Mr. Crum, the gentlemanly metallurgist and chemist of the Arizona Copper Company. Mr. A. is an old time frontiersman and government contractor, having at one time the contract to supply beef cattle to the Camanche, Kiowa and affiliated tribes in the Indian Territory.
